

Log in to a Duo authentication page, click Add a new device.

Choose Tablet, choose either iOS or Android, and click Continue. Then, click I have Duo Mobile installed, and click Email me an activation link instead. Enter your email and get a one-time activation link (in the form <https://m-x.duosecurity.com/x>).

Then open the main.exe and enter the link sent to you by email, and follow the set-up steps
